Phil Isenberg, Chair
Delta Stewardship Council
650 Capitol Mall
Sacramento, CA 95814

Dear Mr. Isenberg:

On behalf of the Mosquito and Vector Control Association of California (MVCAC), we respectfully request a meeting with you to discuss mosquito abatement and control issues related to the Sacramento Delta. As your Council moves forward on addressing the Delta from an overall statewide perspective, we feel it is essential that the members have a clear understanding of public health practices related to mosquito and vector control.

MVCAC is the state's leading voice for mosquito and vector control agencies throughout the State of California committed to protecting public health.

We appreciate your consideration of our request for a meeting with you to discuss these important issues. If a representative from your office could contact MVCAC Executive Director Catherine Smith with some dates and times that work for you we will try to work within your availability.

Most sincerely,

Jerry Davis
President
